Happy Holidays from Savage Aircraft Sales!

5 Savages just before EAA Airventure at KMTW in July 2008

Remember, we have stained glass suncatchers with the Savage on them. With a yellow aircraft as above, or one with two aircraft, one red, one yellow, flying through the mountains. We also have Savage logo denim jackets, and baseball caps.

If you are in the market for a Savage aircraft, but don't want to wait for it to be manufactured and delivered, we can help! N876SA is in stock and ready for delivery. It comes with the Czech Aircraft Works amphibious floats, and the landing gear with the classic tail wheel configuration. Call for more details.

INTEREST HIGH

Thank you to all who keep contacting us via telephone or email. The response to Savage is great! Many comments on the craftsmanship of

the aircraft. All are impressed that such a great plane could start at only \$70,000.00 delivered to Manitowoc, Wisconsin. Why Manitowoc?

We are dedicated to making the purchaser of a Savage feel comfortable flying the aircraft before they take it to their home field. We will install the wings, and make final rigging connections, we contact the DAR, get your plane issued it's airworthiness certificate, and take care of the FAA registration paperwork.

We have two tail wheel instructors

who will get you familiar with Savage flying.

We have spare parts on hand in case a unforeseen problem may arise in the first hours of flight, and beyond if necessary. We are dedicated to quality control and helping you to keep your Savage flying safely! We have two LSA repairman on staff to do your annual condition inspection, and any other routine maintenance.

TEST FLIGHTS ARE AVAILABLE

We have our Savage Cruiser on leaseback to Lakeshore Aviation. It is available for demo flights, light sport training, and tail wheel endorsements. Call Lakeshore Aviation at (920)682-0043 to check the schedule, and book your flight. You'll be glad you did.

Two new Savage models are being released! Stay tuned

Right at home on a grass strip with a Piper J3

Two aircraft at the test field in Italy before the journey to the U.S.
